Dear Community Leader:

I am pleased to provide you with an updated resource that will help you, local groups and residents find grants and other resources in government.

From the Department of Aging to the state Treasury to the Pennsylvania Housing Finance Authority, the Pennsylvania Grant Directory is a great starting point for constituents and organizations seeking financial support for their work and ideas.

Some state grant programs have limited eligibility in which only municipalities, school districts and nonprofit organizations can apply. And, it is important to note that some grant, loan and assistance programs change each fiscal year. It is best to check websites or contact the appropriate agency to learn about the current status of any program.

If you need additional assistance, please contact my office.

Sincerely,

A handwritten signature in black ink that reads "Anthony H. Williams". The signature is fluid and cursive, with a long horizontal stroke at the end.

Municipalities Financial Recovery Program (MFRA)— Act 47— Act 47 empowers the department to declare certain municipalities as distressed and provides grants and loans through the Financially Distressed Municipalities Revolving Loan Fund to aid in the recovery process. The fund assists municipalities in recovery from conditions which caused them to become financially insolvent. The resources provided by the MFRP are vital to municipalities that experience severe financial distress, to ensure their ability to provide for the health, safety and welfare of their residents. After a municipality is designated as distressed, a recovery plan coordinator, funded by the program, is designated. The coordinator develops a comprehensive fiscal recovery plan for the municipality, assists the municipality to implement the plan and monitors the recovery process. The recovery plan addresses all operational aspects of the municipality and includes strategies to revitalize the local economic base and corresponding tax base through development of effective public-public and public-private partnerships and targeted state funds and action. Loans made under the program are repaid into the Revolving Fund and are then used to make additional loans and grants for other distressed municipalities. Grants are used to implement key recovery plan objectives.

- Support people with disabilities in taking control of their own lives
- Ensure access to goods, services, and supports
- Build inclusive communities
- Pursue a cross-disability agenda; and

Support Services Waiver—Better known as “waiver”, which is a shortened term for the Medicaid Home and Community-Based Waiver Program. This program provides funding for supports and services to help people live in their home and community. Waivers offer an array of services and benefits such as qualified providers, due process, and health and safety assurances. The name waiver comes from the fact that the federal government “waives” Medical Assistance/Medicaid rules for institutional care in order for a Pennsylvanian to use the same funds to provide support and services for people closer to home or in their own communities. In Pennsylvania, the DHS administers 10 Medical Assistance/Medicaid waivers and the Living Independence for the Elderly Program. Each waiver has its own unique set of eligibility requirements and services.

Individual Training Account (ITA)—An ITA is a mechanism authorized by the Workforce Innovation and Opportunity Act (WIOA), which is intended to finance occupational skills training for participants to become gainfully employed or re-employed. Customers approved for training may use their ITAs to purchase occupational skills training slots in any program on the statewide list.

The specific parameters for ITAs are established by each Local Workforce Investment Area, which may include a maximum duration of training, cost of training, or other requirements.

Industry Partnership Grant Program—An Industry Partnership is a multi-employer collaborative that helps connect and meet the needs of both workers and businesses. Effective partnerships facilitate companies in the same industry cluster and region to come together to aggregate training and address common educational needs. Partnerships can help companies identify and work together to address common organizational and human resource challenges – recruiting new workers, retaining incumbent workers, implementing high-performance work organizations, adopting new technologies, and fostering experiential on-the-job learning. Grants will help support worker skills training to better position workers and employers to remain competitive in the global marketplace. The program places a heavy emphasis on outcomes such as the attainment of industry-recognized credentials, wage gains, career advancement, and retention within the workplace.

Pell Grants—Pell grants, as well as most federal student aid, are awarded on the basis of financial need. The amount that an individual receives is based on a formula that includes the cost of attendance minus the expected family contribution. The student must be enrolled in a program of organized instruction or study that leads to an academic, professional, or vocational degree or certificate, or other recognized educational credential. PA CareerLink® staff and the training providers with whom local areas work can provide guidance on how participants can apply for Pell grants and other student aid. DEADLINE / REGULATIONS

Trade Adjustment Assistance (TAA)—The Trade Act’s TAA program helps workers who have lost their jobs as a result of increased imports or shifts in production out of the United States. TAA can provide funding for tuition, books and supplies, and basic or remedial education, which may include training in literacy or English as a second language. Occupational training is targeted to a specific occupation and provided to help certified workers secure employment at a skill level and wage similar to, or higher than, their layoff employment. Based on the individual’s existing skills and labor market conditions, training will be of the shortest duration necessary to return the individual to employment, with a maximum duration of 130 weeks. TAA can also pay 50 percent of the salary for on-the-job training and customized training designed to meet the needs of a specific employer or group of employers.

More information on TAA benefits is available by calling the UC Service Center or visiting a PA CareerLink® office.

TAA Job Search and Relocation Allowances—The TAA program can also assist with workers’ expenses incurred in seeking employment outside a certified worker’s normal commuting area if a suitable job is not available in the area. Job search allowances reimburse 90 percent of the total costs of allowable travel and subsistence, up to \$1,250. If workers have to relocate to accept employment out of the commuting area, TAA can reimburse 90 percent of the cost to move them and their families and includes a lump-sum payment equal to three times the worker’s average weekly wage (but no more than \$1,250) to help them get settled.

More information on TAA benefits is available by calling the UC Service Center or visiting a PA CareerLink® office.

Work Opportunity Tax Credit (WOTC)—The WOTC provides private-for-profit employers with federal tax liability savings as an incentive to hire job seekers with barriers to employment. WOTC targets short- and long-term Temporary Assistance for Needy Families recipients; Supplemental Nutrition Assistance Program (SNAP) recipients; Veterans on SNAP; Disabled Veterans; Unemployed Veterans; recent Vocational Rehabilitation customers who received services through a state plan for vocational rehabilitation or the U.S. Department of Veterans Affairs (VA) or have a Ticket to Work and an active individual work plan with an Employment Network (EN); Supplemental Security Income Recipients; Ex-Felons; Designated Community Residents, Summer Youth living in an Empowerment Zone or Rural Renewal Community and the new Long-Term Unemployment Recipient. The WOTC also provides nonprofit, 501(c), employers with a social security tax deduction as an incentive to hire any of the five Veteran target groups. For most target groups mentioned above, the WOTC is 40 percent of the first \$6,000 in wages, for a maximum credit of \$2,400 (exceptions to these amounts apply to some target groups). A new hire must be employed at least 400 hours for the employer to receive the maximum. A partial credit of 25 percent is permitted for employees working between 120 and 399 hours.

Pennsylvania Transportation Alternatives Program (TAP)—The Pennsylvania Transportation Alternatives Program provides funding for programs and projects defined as transportation alternatives including bicycle and pedestrian facilities, safe routes to schools, and trail projects that serve a transportation purpose such as trails that connect to schools, parks, or other public areas. There is an 80/20 cost share for shovel-ready projects, and PennDOT will pay for 100 percent of right-of-way acquisition costs. Applicants pay for any pre-construction costs but these upfront costs may be eligible for Department of Conservation and Natural Resource (DCNR) funding.

PennDOT's website provides program guidance, the eligibility determination form and an application. For questions on eligibility for DCNR funding contact your DCNR Bureau of Recreation and Conservation regional advisor.

BUREAU OF MUNICIPAL SERVICES

Agility Program—This innovative, streamlined program is designed to make the most of limited resources by exchanging services between PennDOT district and county maintenance offices and public procurement units such as municipalities, charitable hospitals, school districts, metropolitan and rural planning organizations, volunteer fire departments, law enforcement agencies, state and federal government agencies, community colleges, etc. Agility allows the exchange of services, instead of money, between PennDOT and eligible partners. For example, PennDOT may patch potholes along a township road in exchange for having the township's crew mow along state roads. The program enables local governments to accomplish more than they could have with their own limited resources and increases our collective effectiveness and efficiencies for the general public.

Agility Agreements have a contract life of five years with a three-year renewal clause for a total of eight years. The exchange of services must be of a reasonably equal value and detailed on a single-page work plan and approved by PennDOT, the partner and AFSCME.

Highway Transfer (Turnback) Program—The commonwealth enacted Act 70 in July 2006 amending Act 1983-32, authorizing an increase in the annual maintenance payment rate for all turnback roads from \$2,500 per mile to \$4,000 per mile. This annual maintenance payment is made in perpetuity for the maintenance of the roadway and is paid to municipalities in April of each year. The objective of this program is to transfer the ownership of state-owned roads that predominantly carry local traffic, carry low numbers of vehicles on a daily basis, and/or would better serve the community if operated under municipal jurisdiction. PennDOT either rehabilitates the roadway before the transfer takes place or provides the municipality with funding to rehabilitate the roadway to improve its quality and service life. Local officials must adopt a resolution authorizing the acceptance of the transfer. Each PennDOT district office has a turnback coordinator who can assist local governments.

PENNSYLVANIA TREASURY DEPARTMENT

www.patreasury.gov

PROGRAM

DEADLINE / REGULATIONS

Bureau of Unclaimed Property—Each year, the PA Treasury receives millions of dollars in unclaimed property, and works hard to return it to its rightful owners. Unclaimed property is any financial asset that has been left with a “holder,” such as a bank, insurance company, or other business or organization, without activity or contact for multiple years, depending on the property type. By law, holders must transfer unclaimed property to Treasury. The most common types of unclaimed property are savings or checking accounts, stocks, dividends, uncashed checks, certificates of deposit, unclaimed insurance benefits, unused gift certificates, or items abandoned in safe deposit boxes or items held by police departments. The Treasurer and his staff currently seek the owners of about \$3.1 billion in unclaimed property as of June 2016.

Individuals can search for unclaimed property at www.patreasury.gov or by calling 800-222-2046. Claimants may also use the website to check the status of an unclaimed property claim. Holders needing information about reporting unclaimed property, a copy of the Unclaimed Property Act, reporting forms or reporting software, may call Treasury at 800-379-3999 or visit www.patreasury.gov. Holders must report all unclaimed property by April 15 each year.

INVEST Program—The INVEST program provides cash management for local governments and nonprofits. Similar in concept to money market funds, INVEST offers two highly rated short-term investment pools and custom pools for longer-term investment needs. INVEST’s portfolios are managed by Pennsylvania Treasury investment professionals, who also oversee the investment and custody of nearly \$95 billion in public funds. While INVEST funds are never commingled with state funds, Treasury can negotiate better rates by leveraging its purchase power for INVEST as well as its investment pool for state agencies. Treasury does not seek a profit from INVEST, further helping to minimize costs to participants.

Pennsylvania 529 College Savings Program—The Pennsylvania 529 College Savings Program is a tax-advantaged way to save for future education needs. Pennsylvania offers two plans, the PA 529 Guaranteed Savings Plan (GSP) and the PA 529 Investment Plan (IP). Under the PA 529 GSP, principal is protected when used for qualified expenses; growth is based on college tuition inflation – not the financial markets. The PA 529 GSP allows families to contribute enough to cover any portion of college (e.g., a credit, semester, a year, or four years) today and have that portion covered tomorrow – no matter how much tuition rises in the meantime. The PA 529 IP is a mutual fund-based investment product, which offers three age-based investment options and 12 individual funds, including a socially responsible equity portfolio, from The Vanguard Group. Additionally, both the GSP and IP allow families to pay for elementary and secondary school tuition expenses.

More information about the Pennsylvania 529 College Savings Program is available at PA529.com or by calling 800-440-4000.

Before investing in either plan, please carefully read that plan’s disclosure statement (available at PA529.com or by calling 800-440-4000) to learn more about that plan, including investment objectives, risks, fees, and tax implications.

PROGRAM

DEADLINE / REGULATIONS

The Governor's Office of Homeland Security helps to administer two federal grant programs for law enforcement agencies and nonprofit organizations within the Commonwealth. The Homeland Security staff can assist with the application process and recipient project planning.

Operation Stonegarden (OPSG)—Grants from OPSG enhance law enforcement preparedness and operational readiness along the borders of the U.S. Grant awards are intended to promote cooperation and coordination between local, tribal, territorial, state and federal law enforcement agencies. Urban Area Security Initiative - Nonprofit Security Grant Program (NSGP)—UASI-NSGP grants help nonprofit organizations, which are at a high risk of terrorist attack, with security and preparedness activities. A goal of the program is to integrate nonprofit preparedness activities with the broader state and local preparedness efforts and to promote communication between public and private organizations. Eligible Recipients: Nonprofit organizations that are at high risk of terrorist attack and are located within a specific UASI-eligible urban areas. In Pennsylvania, Philadelphia and Pittsburgh are the only designated UASI areas. The Philadelphia UASI includes Bucks, Chester, Delaware, Montgomery and Philadelphia counties. The Pittsburgh UASI includes Allegheny, Armstrong, Beaver, Butler, Fayette, Westmoreland and Washington counties. Funding: The total amount distributed throughout the U.S. for fiscal year 2013 was \$9 million. The maximum award is \$75,000.

Application Process: Nonprofit organizations email applications to the PA Homeland Security office. Applications are checked for completeness, format and content. The applications are then sent to the Philadelphia UASI Executive Committee for scoring according to criteria set by the federal Department of Homeland Security (DHS). The UASI scores the applications and returns them to the PA Homeland Security office, who prioritizes all submissions, and submits them to DHS/FEMA. PA Homeland Security receives notification from DHS as to which applicants received an award.

Timeline: Application and guidance kits are released by DHS in December. Homeland Security immediately sends the kits the UASI areas, and all the nonprofits we have contact with. Application submissions from nonprofit organizations are due back to the Homeland Security office by early April. The commonwealth sends the applications to the associated UASI for scoring after the scoring sheets are returned to the office for submission to DHS by late April or early May. Awards are announced 90 days later. Recipients have 36 months to complete the projects identified in their applications.

Redevelopment Assistance Capital Program (RACP)—The state’s RACP program is designed to aid community and economic development projects throughout the commonwealth that demonstrate significant economic impacts to local and regional economies. The RACP program operates as a reimbursement program for eligible project costs including, but not limited to, construction, land acquisition, permitting, and any interest costs paid during construction. Capital projects eligible for RACP funding must have a total project cost of at least \$1 million, with a required minimum of 50 percent participation in non-state match.

Contact—Office of the Budget, 717-787-2542

Act 48 of 2010 amended the Capital Facilities Debt Enabling Act, increasing the commonwealth’s debt ceiling by \$600 million, allowing at least \$1.2 billion in development projects to advance through RACP.

Candidates who have an authorized and eligible project will need to submit a Business Plan to the Office of the Budget. All submissions that pass an initial review of eligibility and completeness will be scored according to five sectors of project scoring methodology: Job Creation/Retention, Community Impact, Strategic Clusters, Financial Impact, and Shovel Readiness (for complete details about submission deadlines and other information regarding the five-sector scoring methodology, please go to www.budget.pa.gov). Once all of the projects have been scored in accordance with the published criteria, the Office of the Budget will forward a complete listing of projects, corresponding scores and summaries to a Selection Committee chaired by the Governor’s Office of the Budget. PENNSYLVANIA DEVELOPMENTAL DISABILITIES COUNCIL

www.paddc.org

PROGRAM

The Pennsylvania Developmental Disabilities Council (PADDCC)— Created under the Federal Developmental Disabilities Assistance and Bill of Rights Act and Governor’s Executive Order, the council is both a planning group and a funding body. The council engages in advocacy, systems change and capacity building for people with developmental disabilities and their families in order to:

- Support people with disabilities in taking control of their own lives
- Ensure access to goods, services, and supports
- Build inclusive communities
- Pursue a cross-disability agenda
- Change negative societal attitudes towards people with disabilities

The council is always seeking thoughts and ideas from concerned citizens regarding issues that affect the lives of people with developmental disabilities and creative ideas for tackling these issues. The council funds proposals from groups and organizations through a competitive bid process. All grant activities of the council are governed by the council’s federally approved state plan and by the procurement requirements of the U.S. Department of Health and Human Services and the Commonwealth of Pennsylvania. Grants are typically available for only short periods of time and are generally for specified activities. The council periodically announces Requests for Proposals (RFPs) and issues notices of funding for smaller grants through its small grants program. It does not have discretionary funds beyond those publications. The council only accepts proposals for the projects described in the RFP booklet and in response to notices of funding for the small grants program. The RFP booklet contains descriptions of projects that the council will be funding and instructions on how grant proposals must be written to meet the council’s requirements. People on the council’s mailing list receive the booklet in the mail. Other copies of the booklet are distributed by hand or accessed on the council’s website.

PENNSYLVANIA LIQUOR CONTROL BOARD

www.lcb.state.pa.us

PROGRAM

In 1999, the Pennsylvania Liquor Control Board (PLCB) offered its first Grant Program to provide funds for colleges and universities to develop campus-community coalitions. In 2001, the PLCB expanded its efforts and provided additional funding to eligible local community groups, organizations, municipalities, law enforcement departments, primary and secondary schools and school districts throughout Pennsylvania for specially designated projects to prevent underage drinking and irresponsible consumption. In 2013, the PLCB modified the Alcohol Education Grant Program by making it a two-year grant to give grantees the time to better plan and implement their program. The next grant cycle will be 2017-2019.

For the **PLCB's Grant to Reduce Underage and Dangerous Drinking**, grant projects should be evidence-based and directly related to alcohol issues that target the under-21 population. The project should entail an environmental strategy that addresses the illegal consumption of alcohol by minors and excessive consumption by those 21 and older.

- College Alcohol Risk Assessment activities
- Online alcohol assessment programs
- CORE survey administration
- Source Investigation Projects
- Law enforcement patrols, including bike patrols, for monitoring community and/or college campus parties
- Special underage law enforcement operations
- Curriculum infusion
- MADD's Power of Parents© program
- Strengthening Families Program
- Trainings related to campus or community readiness for environmental management strategies and procedures
- Other proven, data-driven, evidence-based programs

The PLCB continues to provide training opportunities on various alcohol-related topics. Most notable are the Resident Assistant Seminars which give RAs the tools they need to work with residents of on-campus housing, Strategic Planning Workshops which assist schools and communities to determine how to address underage and dangerous drinking using existing resources and how communities and law enforcement can work together. Speakers also present at local, regional and statewide conferences and seminars.

DEADLINE / REGULATIONS

Grant applications and deadlines will be posted on the PLCB's website **www.lcb.state.pa.us** in late 2016. Applications for a two-year grant will be available on a biennial basis in odd-numbered years (i.e. 2015-2017; 2017-2019; etc.).

Only one grant per organization, school, community organization, municipality or institution of higher education will be awarded. Multiple requests from an agency will not be considered. Coordination between departments is strongly encouraged. However, there is no limit on the number of applicants for a city or region, as long as they are discrete entities. Applicants from the same region or municipality are strongly encouraged to coordinate their efforts.

The grants are funded for up to \$20,000 per year for a maximum award of \$40,000 for the two year cycle. The grant period runs from the effective date through June 30, of the second year. The PLCB's Bureau of Alcohol Education will notify the grantee of the official start date after all legal requirements have been met.

Because the grant is reimbursable, grantees will only be paid for services after they have been rendered, on a quarterly basis. In addition, the PLCB requires a minimum 25 percent match from grantees in order to promote grant program sustainability. (i.e. A \$20,000 per year grant requires an entity to match the grant funds with at least \$5,000 each year.)

For more information, please contact the Pennsylvania Liquor Control Board's Bureau of Alcohol Education at 717-772-1432 or ra-lbeducation@pa.gov

ENERGY ASSISTANCE PROGRAMS

Budget Billing—All residential customers may contact their electric or natural gas company and request budget billing at any time. Each monthly bill will be the same amount. The company may adjust the bill four times a year, up or down, depending on the customer’s usage.

Customer Assistance Program (CAP)—CAPs can lower your monthly utility bill. CAPs may also remove the amount you already owe. Each company has a CAP and works with the customer to determine what the customer can pay versus the cost of energy used.

Customer Assistance Referral and Evaluation Program (CARES)—The CARES program helps customers with special needs. CARES may help you find ways to pay your utility bill. For example, special needs are customers who are experiencing family emergencies, divorce, unemployment or medical emergencies. The goal is to provide support and direction to help customers pay their utility bills.

PUBLIC UTILITY COMMISSION (PUC)

PROGRAM

DEADLINE / REGULATIONS

Hardship Funds—Utility companies have hardship funds that provide cash assistance to utility customers to help them pay their utility bills. Hardship funds provide assistance grants to customers who “fall through the cracks” of other financial assistance programs, or to those who still have a critical need for assistance after the other resources have been exhausted. The funds make payments directly to companies on behalf of eligible customers.

Low-Income Usage Reduction Program (LIURP)—LIURP helps low-income residential customers lower the amount of electricity or natural gas used each month. Typically, the company may install energy saving features in your home to help reduce bills. For example, smaller bills means your payment covers a greater portion of the bill or perhaps covers the whole bill.

Assistance Qualifications—Customers must meet certain income limits and be payment-troubled to qualify for CAP, CARES, LIURP and Hardship Funds. Payment-troubled usually means customers have made a payment agreement with the company. The chart below shows the income level customers must meet for CAP. The income levels are slightly higher for LIURP, CARES and Hardship Funds. Customers who meet these limits, should call their local electric or natural gas company for details to see if you qualify. Each company's toll-free number is listed below.

2016 Household Size Monthly Income:

• 1 person	\$1,485	6 persons	\$4,073
• 2 persons	\$2,003	7 persons	\$4,591
• 3 persons	\$2,520	8 persons	\$5,111
• 4 persons	\$3,038	For each additional person, add \$520	
• 5 persons	\$3,555		

Low-Income Home Energy Assistance Program (LIHEAP) is the federal program that provides financial assistance to needy households for home energy bills. In Pennsylvania, the Department of Human Services administers the LIHEAP program. The LIHEAP program provides both cash and crisis benefits to low-income households. Cash benefits help low-income customers pay for their home energy needs while crisis payments help meet emergency home energy situations.

NOTE: Low-income customers who qualify for Cash and Crisis can receive both.

Your household income must be within certain limits to qualify. These limits are listed on DHS's Website at

www.dhs.pa.gov/citizens/heatingassistanceliheap/index.htm

If you have more questions about LIHEAP you may call your Local County Assistance Office or the toll-free LIHEAP hotline at: 866-857-7095 (individuals with hearing impairments may call the TDD number at: 800-451-5886).
